

## MEDICAID LEADERSHIP INSTITUTE:

# Supporting Medicaid Leaders to Improve Health and Well-Being Across the Nation

Medicaid is the nation's largest health insurance program, covering more than 90 million people and spending nearly \$750 billion annually.\* Yet, Medicaid directors and their senior teams have limited resources and opportunities to cultivate their leadership skills to maximize Medicaid's positive impact on the health of state and territory residents.

## Building Leadership Skills for Success in an Increasingly Complex Environment

Since 2009, the **Medicaid Leadership Institute** (MLI) has supported 77 Medicaid directors and their senior teams from 45 Medicaid agencies in cultivating leadership skills.

The program supports Fellows in six core areas

## A Generation of Leaders with the Power to Improve Care for Millions

### A NETWORK OF ALUMNI WITH FAR-REACHING INFLUENCE

MLI alumni — many continue to serve in other senior public and private sector health care roles

Current Medicaid directors who are past MLI Fellows

National Association of Medicaid Directors (NAMd) board members who are current MLI Fellows or alumni

### SUPPORTING LEADERS WHO CAN MAKE POSITIVE CHANGE FOR MANY

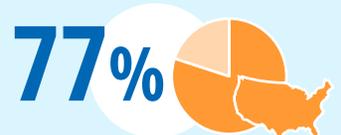

People in the United States covered by Medicaid\*

Medicaid members who identify as a non-white race/ethnicity\*

People enrolled in Medicaid programs led by current or former MLI Fellows

States and territories that have had a director who participated in MLI

## In Their Own Words: MLI's Impact in Action

*"The insights I gained through MLI have been invaluable. I'm a more effective leader, with tools and connections that improved my team and our program."*

– Kevin Bagley, Medicaid Director, Nebraska, Class of 2022

*"MLI provides Medicaid leaders with invaluable training — empowering them with confidence, resources, and a community to ensure innovation."*

– Cindy Beane, NAMd Board President, West Virginia Medicaid Director, Class of 2018

*"MLI was a transformational experience and provided me with valuable leadership skills to overcome challenges by focusing on change management."*

– Gary Smith, Medicaid Director, U.S. Virgin Islands, Class of 2020
